KIMBERLY HAS
OVER 12 YEARS
OF EXPERIENCE IN
HVAC AND
PLUMBING DESIGN
AND OVER ONE
YEAR MANAGING
THE FINANCIAL SIDE
OF THE BUSINESS.

Experience & Qualifications: Ms. Ainsworth worked as a Plumbing designer/BIM modeler for over 12 years prior to moving to the financial side of the corporation a year ago. While a plumbing designer Kimberly worked on many major design projects. A few are Alta Bates Summit Medical Center Patient Tower Addition, University of Nevada, Reno Pennington Student Achievement Center, University of Nevada, Reno Great Basin Residence Hall, University of Nevada, Reno Pennington Engineering Building and Fowler California Medical office building.

Since moving to the financial side of the business, Kimberly was on an accelerated learning curve processing accounts receivable, accounts payable, logging timesheets, monthly payroll, interacting with corporate accountant and other in-house accounting tasks. Also, Kimberly has instituted numerous online time tracking, invoicing, accounts payable and accounts receivable.
